for those families unable to attend at their designated time.

Parents unable to attend pre-registration should call the North Side Primary Center at 942-5418 to report the name of the child.

A child must be 5 years old by September 1, 2010, to be eligible to attend Kindergarten during the 2010-2011 school year. Parents should bring the child's legal birth certificate (not the hospital footprint copy) to present for proof of birth date. Parents should also bring the child's Social Security card/number to present at the time of registration.

The Franklin-Williamson Bi-County Health Department nurses will be at the Kindergarten pre-registration from 12:00 – 6:00 p.m. At that time, they will be giving the vaccines required for your child to enter school. The Bi-County Health Dept. charges a minimal for each immunization. The public aid medical card is accepted. This is an excellent opportunity for you to get this taken care of, rather than waiting until summer or before school starts, when it becomes difficult to get appointments. However, they do ask that you bring a current immunization record card. Your child will not be permitted to attend school this fall until compliance of the health laws are met.

The State of Illinois requires all kindergarten, second and sixth grade students to have a dental examination. Dental examinations must be completed by May 15, 2011. Illinois law also requires kindergarten students to have a vision examination. Forms will be distributed at the registration.

Students must furnish proof of residency such as a property tax statement, driver's license, or utility bill that identifies your current address at the time of registration.

Those children presently enrolled in Kindergarten **will not report** for school on Friday, April 16, 2010.
